Dear Parents and Carers,

RE: Sports Week

As you may have seen in the news that the extreme heat is going to be extended into next week, with Monday and Tuesday looking at getting up to and over 30 degrees. This obviously affects our sports week and what we have planned on each day.

We don't want our children to miss out on these opportunities, but we also don't want them to be affected by the extreme heat forecast. Therefore, we will be adapting our week depending on the weather. This will be in the form of moving some of the activities to another day which is due to be cooler or holding them indoors in the hall or other spaces in the school out of the direct sunlight and with cooler air circulating throughout the space. The fun run will most certainly be changed to a different day during the week when it is much cooler for the children.

This will also include our sports day. If the forecast changes, we may have to cancel the event at short notice due to the weather. We will make judgements each day and adapt the timetable for all the children to keep them safe from the sun.

Please make sure that your children have sun cream on, a named hat and a water bottle, that we will encourage them to refill during the day. These are essential every day.

We will still make this week a fabulous one, filled with lots of sporting activities and lots of fun but in a safe way to ensure our children are not affected by the weather.

Kind regards

Mrs Elly Rushen-Gough  
Principal  
Grange Infant School
